Re: Confirmed case of COVID-19 in Dominican College Taylors Hill Galway

Dear Parent

The Department of Public Health HSE West has been notified of a confirmed case of COVID-19 in your child's school. The case is not in your child's year.

A public health risk assessment has been undertaken and close contacts of the confirmed case have been contacted and advised accordingly. If your child has not been identified as a close contact at this time, your child does not need a test for Covid-19, they can continue to attend school, and no further actions are required at this time.

If your child develops symptoms (such as a cough, a fever, shortness of breath or breathing difficulties, loss or change in sense of taste or smell) - they should be isolated immediately and you should phone your GP for further advice, and any siblings and any other individuals sharing your accommodation should restrict their movements, as per current public health advice.

Further information on COVID-19 is available at: www.hse.ie www.hpsc.ie and www.gov.ie

Yours sincerely,

Dr. Cathy Higgins
