Why come to the Youth Academy?

The Youth Academy at University of Galway is a unique opportunity for you to get experience of learning in a university and be taught by very engaging and friendly instructors who are experts in their subject areas. All courses are highly interactive and use a variety of teaching techniques to ensure that you get the most from your experience with us at University of Galway.

What you will learn from participating:

1. Make new discoveries in different areas of study, while being academically challenged
2. Learn from our expert instructors
3. Enrich your school experience by learning about new and exciting subject areas
4. Opportunity to try out subjects that you might be interested in pursuing when you finish secondary school

Who can apply for these courses?

The Youth Academy works with high ability 1st, 2nd and 3rd year secondary school students. To attend Youth Academy secondary school programmes students must present evidence of one of the following:

- Their most recent standardised test at primary or second level showing 95th percentile or higher result in English, Maths or Gaelige (e.g Drumcondra, Sigma T or Micra T tests, PPAD-E literacy, PDST etc);
- A copy of an educational psychologist's assessment with ability scores included. Reports must be submitted no later than 4 years after the date of the educational psychologist's assessment.
